To whom it may concern:

I have known John Colburn since 1984. He has worked for me in the capacity of New Car Manager, General Lease Manager, over four locations, After-market Manager, and Finance Manager. He has excelled in all positions.

John and I have formed Corporations together and he has managed them successfully. We have sold them profitably and all this was handshake transactions. His integrity is beyond question.

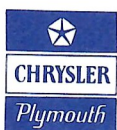

He is a master salesman, capable of training others in non-confrontational sales. John will work long hours and is highly experienced in all phases of the retail automobile business. Would I hire John Colburn? Absolutely! Please call me if you are desirous of more information.

Sincerely,

James A. Rose, General Manager
